The 2 questions were separate requests that just came in, to our site OSC, roughly at the same time.

So, as of this hour (smile), it is only CSB asking for the EPA RMP contact.

I'll ask the OSC if TCEQ was any more specific than "enforcement" contact.....

Susan,
Are they (both TCEQ and CSB) asking for EPA' s contact for RMP issues?

Stacey

TCEQ would like to know who is the enforcement contact for the site?

Chemical Safety Board would like to know who is the RMP contact? Please let me know. Tx
